Hello Jeff,

I would like to come and spend a day in your store, sometime during the week of May 6th. There is a program called an Adopt-A-Store program that I have recommended to Joe, and discussed with my supervisors. Basically what it is, is a series of questions and fact findings that we go through to find areas that you and your store need support and training in.

If you could send me a date that would be most convenient to you, and also a date for the following week that I will come back into the store and do a follow - up on, I would appreciate.

If there are any questions, please send me a message and I will get back to you.

Life is good so...
HAVE A GOODY,

Gail D. Skocik
